Videocomponenten....
Designed for professional CCTV systems

Art: 11575

12 Port Gigabyte POE Switch + 2 Backbone Ports

- O   Aluminium housing

- O   integrated power supply

- O   12 x RJ-45 with POE for IP camera

- O   2 x RJ-45 1000 Mbit Bachbone

- O   POE : DC 48V, 300mA each Port (max.)

- O   Optimizes for IP cameras

- O   All 100 Mbit connections path true to the 1000 Mbit Backbone ports

Technical Data

Connections:	2 x 10/100/1000 TX RJ-45 (Backbone)
	12 x 10/100 TX + POE
POE Operating voltage	DC 48V, 300mA pro Port (max.)
Operating voltage:	90 - 240V AC, 50/60 Hz
Consumption:	200W (Full weight)
Housing:	Aluminium
Assembly attachment:	19" 1HE
Dimensions (WxHxD):	350 x 50 x x195mm
Weight:	220g
Operating temperature:	-10°C + 50°C (not condensing)
Humidity:	10% - 80% (not condensing)

VDE CE **EMC**

Article description:

The Switch is adapted generally. The device can supply the necessary components and cameras with tension. The Switch is fitted out with an overvoltage protection and overload protection.

Art.Nr. 11575
