

Alarm distributor of 8 potential free alarm contacts about RS-485

Art. No. 14206 Model name VC-AL8-485

Version Alarm distributor about RS-485, 8 inputs

VDE CE EMC

Technical data

Connection	Function:	Alarm distributor with 8 inputs for slow and speed dome cameras on RS-485 stretching about 1000m
	Connection:	RS-485 BUS (2 wires)
	Signal:	RS-485 to 1000m distance
	Protocol:	Pelco-P, 2400 Baud (other protocols optional)
Environment	RS-485:	Screw clamp
	Input voltage:	230V AC
	Output voltage:	12V DC / 2A
Measurements	Weight:	1,0 kg
	Temperature:	0°C ~ 50°C
	Air humidity:	10%~90% RH, not condense
	(WxHxD)	195 x 40 x 150 mm
