Universal keypad with integrated RS-485 interface

Art. No. 14215   **Model name** VC-CON-SP64   **Version** 64 adresses / RS-485

Controls

① 2 line display for communication with selected devices (speed dome, camera, relay box)
② Selection button cameras
③ System programming button
④ Selection button - brightness, focus, zoom
⑤ Joystick (2 axial)

Technical Data

Operation via controller of:		Speed dome camera: all functions
		OSD camera: all functions
		Motor zoom lens camera: all functions
	Connections:	Max. 64 devices
	Signal	RS485 up to 1000m distance
Ports	Power	DC mini socket, screw clamp
	RS-485	Screw clamp
	Input voltage	12 V DC
	Capacity	5W
	Electrical safety	EN 60065+60950 , EN 50081+82
	Weight	1,7 kg
Environments	Operating temp.	0°C ~ 50°C
	Humidity	10%~90% RH, not condensing
	Supplied accessories	Power supply 12V DC

VDE CE **EMC**

Measurements

W: 190 mm
H: 61 mm
D: 140 mm

---
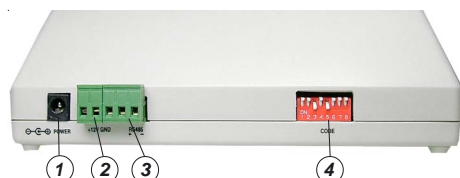

① 12V DC Socket
② 12V DC Screw clamp
③ RS-485 Screw clamp
④ Protocol adjustment about DIP switch (Multi protocol)
