

High resolution B/W monitor

Art. No. 20069 Match Code VC-M9BW

9" / 23 cm B/W - monitor w / o audio

The modern office Design in light-grey colour paired with high quality and reliability gives the descriptor of a matured, professional technology, which inserts itself harmoniously into existing mechanisms to this monitor row. Extremely high resolution does not leave desires open to a sharp, high-contrast picture.

The pilable Cubic metal housing is as desktop device, on a wall console or in 19"- rack.

Technical Specifications

Operational area:	indoor installation
Housing design:	Sheet steel
Housing colour:	Grey/beige (Pantone 814)
Control elements:	Contrast/breithness/V-hold/H-hold
Tube:	Black, with screen saver circuit
Video amplification:	30 dB
Band width:	14 MHz
Stabilized Recorder-Playback:	Automatically timebase-correction
Geometric distortion:	+/- 2%
High-voltage stability:	11 KV / >90%
Gradation:	max. 400 steps
Leuchtdichte:	180 cd/m ²
Signal-to -noise ratio:	>52 dB
Synchronisation:	Intern, BAS
Scanning system:	CCIR, 625 Zeilen, 50 Hz
Protective system:	EN60065+60950 / IP40 / Klasse 1
EMC:	acc. to. EN 50081-1, EN 50022 Klasse B
EMI:	acc. to. EN 50082-2, IEC-801
MTBF:	25.000 hours
Video input signal:	BAS 0,5 - 2,0 Vss / 75 schaltbar
Video output signal:	Loop outputs, High Z
Operating temperature:	-10 bis +50 °C
Humidity:	up to 95%
